Rs. 33 crore debt recovery

Bank officials seize shopping complex in city

Loan of Rs. 1.91 crore taken in 2001 accumulated to Rs. 33 crore in 17 years

Mysuru, July 4 (PM&DM)- In an early morning operation, the officials of Vijaya Bank, armed with an Order of the Debt Recovery Tribunal in Bengaluru, attached a commercial complex at a junction on Vishwamanava Double Road in Saraswathipuram here.

M. Nagaraj, the owner of the shopping complex, which houses many shops, owed Rs. 33 crore to Vijaya Bank, Kuvempunagar Branch, according to the Bank officials.

As the complex owner had defaulted on repayment of loans along with accrued interest, the Bank moved the Debt Recovery Tribunal (DRT) in Bengaluru for recovery of loans. The DRT, which heard the Bank's plea, issued an order directing for physical possession of immovable property mortgaged by Nagaraj for availing the loan.

Following the Order, the Bank officials began taking physical possession of the complex after taking an inventory of all materials and movable properties belonging to the tenants in the shopping complex.

Saraswathipuram Police provided tight security.

The complex owner Nagaraj, a native of Bannur, had availed loan from Vijaya Bank, Kuvempunagar branch, about 17 years ago for construction of the complex and a house in Kuvempunagar. After Nagaraj defaulted on repayment of loans, the Bank had auctioned his Kuvempunagar house, following which Nagaraj stayed in a small portion of the complex, said Bank officials.

Speaking to *Star of Mysore*, Nagaraj said that he had taken a loan of Rs. 1.45 crore from Vijaya Bank after pledging the complex in 2006-07.

However, DRT Order pasted on the walls of the complex states, **"...recovery of an amount of Rs. 1,91,66,893 with interest at 18 percent per annum from 14.12.2001 till the date of realisation..."**

The tenants of the complex used to pay the rent directly to DRT, through which Vijaya Bank used to adjust the amount so credited for the loans that he had borrowed, Nagaraj said and added that this was the practice since the last several years.

Maintaining that he had repaid over Rs. 2 crore loan, Nagaraj accused some top Bank officials of holding a personal grudge against him.

"Yesterday, I had been to the Bank with a Rs. 1.3 crore DD as part of loan repayment. When I told the Bank officials that I will clear the loans as a one-time repayment and sought some time, the Bank officials refused to heed to my request. Even the High Court had passed an Order asking the Bank authorities not to vacate the tenants. But the Bank's action today is a violation of the HC order," claimed the 70-year-old Nagaraj and added that he was seeking a legal recourse.

Meanwhile, Jayaprakash, the advocate representing Mohan Bhandar, one of the major tenants of the complex, speaking to *Star of Mysore* said that his client was in no way concerned with the Bank's physical possession of the property as Mohan Bhandar was only one of the tenants.

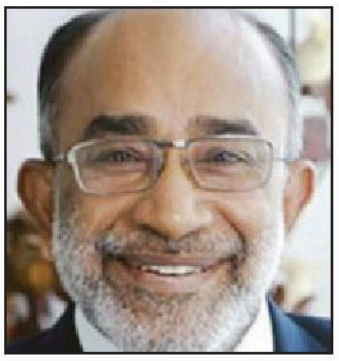
Thalassery-Mysuru Railway Line via South Kodagu

Centre to provide 20% funding: Union Minister Alphons



K.J. Alphons

Pinarayi Vijayan

Mysuru, July 4 (BCT)- Even as Union Railway Minister Piyush Goyal repeatedly saying that Centre has shelved the vexatious Thalassery-Mysuru Railway Line project via South Kodagu which has run into opposition from elected representatives, environmentalists and people of Kodagu district, Union Minister of State for Tourism and Information Technology K.J. Alphons has said that the Centre will support the project and will provide 20 percent of the investment cost.

Kannanthanam Joseph Alphons, who hails from Kerala, was speaking after inaugurating a workshop-cum-seminar on 'Development of Tourism in Wayanad', organised by the Wayanad Chamber of Commerce in association with the District Tourism Promotion Council and the Wayanad Tourism Organisation at Kalpetta in Kerala yesterday.

Mentioning about Thalassery-Manandavadi-Mysuru and Nilambur-Sulthan Bathery-Nanjangud Railway link projects, Alphons said he would provide all support to make the dream of the people of Kerala come true. The total project cost of the 181-kilometre Thalassery-Mysuru Railway Line is over Rs. 5,000.03 crore.

Meanwhile, Railway sources said that the office of **Kerala Chief Minister Pinarayi Vijayan is pushing for the Thalassery-Mysuru Railway Line and the project has now been revised and renamed as Kannur seaport-airport-Wayanad-Coorg-Mysuru rail route, with links to Kozhikode from Manandavadi and from there to Mysuru via South Kodagu.**

Apart from the controversial Thalassery-Mysuru line, the Kerala government is also pushing for the Nilambur-Nanjangud Railway Line which is said to be the shortest rail route from Kerala to Bengaluru.

Dinesh Gundu Rao is KPCC President

Bengaluru, July 4 (KMS& BCT)- Gearing up for the 2019 Lok Sabha elections, the Congress leadership has appointed Gandhinagar (Bengaluru) MLA Dinesh Gundu Rao as the President of Karnataka Pradesh Congress Committee (KPCC). He will succeed Dr. G. Parameshwara, who has been inducted into the JD(S)-Congress Coalition Ministry as Deputy Chief Minister.

Parameshwara held the KPCC President's post for eight years and before his latest appointment, Dinesh was the KPCC Working President.

Bhalki MLA Eshwar Khandre has been appointed as the KPCC Working President while Chikkodi MLA Ganesh Hukkeri has been appointed as the Congress party Chief Whip in the Assembly.

Dinesh Gundu Rao was the frontrunner for the KPCC top post. Rao, who has made a mark in the party with his organisational skills and clean image, has also endeared himself to the party high command with his working style.

Dinesh Gundu Rao

Eshwar Khandre

Son of former Chief Minister R. Gundu Rao, Dinesh Gundu Rao enjoys the confidence of all the top leaders within the party, including the Congress old guard and neo-entrants.

Dilemma of development

The air in the land is dense with whoever counts in whichever Cabinet of Ministers, both Central and States, including Karnataka, issuing statements, for public consumption as it were, that their priority is *development*, an intention that merits unqualified admiration. India's economy is inching towards earning a place in the ranks of developed countries, after being dubbed as an *underdeveloped* country first and then a developing country for long years. Unarguably, the country finds itself globally in the forefront having made a mark in at least two sectors namely Information Technology and space exploration, particularly design and production of fail-safe satellites used extensively in weather forecast, communication, exploration of subterranean stocks of mineral wealth and others. Cost-effective facilities and services in the country's many hospitals, including the few in Karnataka, offering highly rated sickness-care resulting in enhanced medical tourism as well as yoga outreach in most countries across the world are added features of the nation's developed country-badge.

In line with the classical definition of *democracy* as the rule *by* the people, *for* the people, *of* the people, it behoves the government to put in place development measures that result in hardship-free life to all sections of society, if not to every citizen (in the extreme), particularly the all-too-familiar last citizens. Otherwise, claims being made by the honchos of successive governments don't hold water.

Recalling the country's past glory and lamenting its present state of decline on various counts, barring a few exceptions, has fascinated the land's public speakers of all hues, ostensibly to create an impression of well-informed flock among their captive audiences. Even as the country's total headcount is an unstoppable phenomenon, the process of its development with its all-embracing definition is required to be pursued without stopping, and more importantly, without slowing of the pace of progress in all sectors of the economy, agriculture, industry and services being the major components of the economy.

While the recent months since the incumbent Central Government began its rule, two activities, namely *Swachh Bharat Abhiyaan* and achieving Open Defecation-Free Nation seemed to have shifted public glare away from development to a considerable extent. Further, the *negative* side to development, namely loss of fertile land and shrinking space for greenery as a trade off with the positive gains of development needs to be reckoned objectively. If the nation's people achieve *social cohesion* as part of development, that could be an icing on the cake as it were.

EDITOR'S BOTTOMLINE

These days there are many pertinent discussions about how to manage millennials — and why they're a different breed altogether from the previous generations. Some of it may well be true. I'd like to believe there are some universal truths about how young people stumble and fall, pick themselves up again — and finally set themselves up for success. Young people today have an abundance of choice. Yet their biggest struggle is invariably figuring out purpose. As author T.D. Jakes wisely said, "If you can't figure out your purpose, figure out your passion. For your passion will lead you right into your purpose."

The greatest pleasure in life is doing what people say you cannot do. ***— Walter Bagehot***

Curiosity is a willing, a proud, an eager confession of ignorance. ***— S. Leonard Rubinstein***

Old flip-flops turned into action figures

Manila: A young construction worker from Manila by name Elmer Padilla, has shot to internet fame after photos of his hand-made action figures went viral on multiple social networks recently.

While being able to make your own action figures is an impressive talent in itself, what really caught people's attention was the medium used by the Filipino amateur artist – old flip-flops. Photos posted on a Facebook group dedicated to Filipino art show Elmer Padilla cutting colorful flip-flops on a sidewalk using knives and scissors, and assembling them into intricate toys like Transformers, Predator and Marvel superheroes.

Cat with world's longest, most luscious tail

Michigan: Cygnus, the pet cat of Lauren and Will Powers of Ferndale, Michigan, was recently featured in the 2018 Guinness Book for having the "longest tail on a domestic cat." The official measurement put his tail at a whopping 44.66 cm (17.58 inches) from the base of his butt to the end of the "meat" of his tail, but it must have been done a while ago, because in June of last year, his owner Will Powers said that Cygnus' tail already measured 18.4 inches (24 inches, if you count the fluff). And considering that the cute Main Coon was only about a year old at the time, his tail must be considerably longer now.

Lauren and Will Powers have to be extra careful when closing doors around the house, as Cygnus tail may get caught by accident, and the feline also unknowingly dips his long tail into things from time to time, as it stretches so far from his body.

HEALTH CAPSULE by Bron Smith

What is the No. 1 cause of unintentional deaths?

Be careful when you take a pain medication. The No. 1 cause of unintentional death is pain-reliever poisoning. In 2013, 43,982 Americans accidentally, fatally poisoned themselves with medication.

Bengaluru to host Fifth World Coffee Conference

Madikeri, July 4 (PS&BCT)- The International Coffee Organisation's (ICO) Fifth World Coffee Conference will be held in Bengaluru during April 2020. ICO, the main inter-governmental organisation for the coffee producing and consuming countries, is keen that Bengaluru host the next conference.

Every four years, ICO holds the high-level World Coffee Conference to enable discussion around critical topics for the global coffee sector. Previously, the conferences have been held in England during 2001, Brazil in 2005, Guatemala in 2010 and Ethiopia in 2016.

Bengaluru has been chosen for the conference as it is the Coffee and Café Capital of India and the city accounts for 70 per cent of India's Coffee that mainly comes from Kodagu and Chikkamagaluru. ICO sources said that the government of Karnataka has extended its full support to the proposed conference.

Bengaluru is known as the 'Silicon Valley of India' and has been ranked the most dynamic city in the world (Jones Lang LaSalle's Fourth Annual City Momentum Index of Cities around the world).

Due to its high elevation, Bangalore usually enjoys a more moderate climate throughout the year. All these conditions have made Bengaluru a favourite choice, sources added.

The conference aims to promote the unique and diverse shade-grown coffees of India globally, promote domestic coffee consumption and provide a platform to tap India's market. The conference will showcase the latest equipment and technologies from coffee plantations to cafes and promote coffee tourism across established and emerging coffee regions of India.

ICO, which is working to strengthen the global coffee sector and promote its sustainable expansion in a market-based environment, has member governments representing 98 per cent of the world coffee production and 83 per cent of world consumption.

VOICE OF THE READER

Ugly looking signboards

Sir,

Recently I saw many signboards in Kuvempunagar painted with a patch of white colour *(see photo)*. MCC might have ordered to do so probably to mask the names of people's representatives (local Corporator or other leader of that area). Knowing that the term of these leaders is not permanent, at the outset, MCC should have not included their names in the signboards. One may note that the job is also not done in a proper manner making it look ugly.

MCC might have spent money for painting these boards and now for blocking the names and the story repeats when new leaders are elected. Is it required to write the leaders' names on signboards instead of spending that money for some better purpose?

Plea to appoint regular Vice-Chancellor for University of Mysore

Mysuru, July 4 (PM&DM)- Demanding appointment of a regular Vice-Chancellor for the University of Mysore (UoM), Paduvarahalli Srigandha Yuvakara Sangha staged a demonstration in front of Mahatma Gandhi's bust opposite the City Law Courts complex yesterday.

Accusing the Government of dilly-dallying in the appointment of a Vice-Chancellor, the post of which has remained vacant for last 18 months following retirement of Prof. K.S. Rangappa in January 2017, the protestors urged the Government and the Governor-Chancellor to take the matter seriously and appoint a renowned academician as VC at the earliest.

Sangha President M. Ramakrishna, aoffice-bearers K.H. Ramesh, Suresh, A.P. Rajesh Gowda, M. Shivaprakash and others took part in the protest demonstration.

Ph.D awardees

Mysuru, July 4- **Jayanand Hambeer Derekar** has been awarded Ph.D in Sociology by the UoM for his thesis '*Sociological Insights into People's Participation in Forestry Programmes: A Study in Uttara Kannada District*' submitted under the guidance of Dr. R. Indira.

Brahmakumara Basavaraja Rajarushi has been awarded Ph.D in Philosophy by the UoM for his thesis on '*Bhagavadgiteya Bhagwan Ishwara, Avana Avathara Mathu Kartavya - Ondu Adhyatmika Adhayana*' submitted under the guidance of Dr. M. Ramachandra.

Obituary

Hottengada Kasthuri

Mysuru, July 4- Hottengada Kasthuri (Chendrimada), wife of late Hottengada Raju Devaiah, passed away at her residence in Devarapura, Thithimathi, Kodagu, last evening following a cardiac arrest. She was 77.

She leaves behind two sons Manu and Praveen, daughter Dechu, daughters-in-law Sindhu and Reshma, son-in-law Nataraj and a host of relatives. Last rites were performed at their estate in Kodagu this afternoon, according to family sources.

Drainage works on N.S. Road to be completed in 4 days

Mysuru, July 4 (RKB&NNN)- The underground drainage (UGD) near the junction of Narayana Shastry Road (N.S. Road), Devaraj Urs Road and Vinoba Road will be completed in four days and the road will be thrown open for traffic, said Mysuru City Corporation Commissioner K.H. Jagadeesha.

He said that works on laying pipes to the UGD were on and the pipes will be linked to the manholes so that waste can flow in an uninterrupted manner. "I have directed our engineers and contractors to speed up the work on a war-footing as it is a crucial link for motorists," he said.

The lack of coordination and cooperation between departments and government agencies and the resultant delay in completion of the work on the UGD on Narayana Shastry Road has irked the public. The work that began 20 days ago has caused severe inconvenience to the school and college going students and the public.

The road has been dug up completely and it is at present difficult even to walk. Shop owners and public have alleged that backhoe (JCB) machine works for just one hour in a day while the rest of the time is wasted. This is a very busy road as Maharani's College, Sadvidya and Marimallapa's schools and colleges, DC Office and Railway Station are all close by and it is a connecting road leading to all these places.

A few citizens, speaking to *Star of Mysore*, said that since there is lack of coordination between the Vani Vilas Water Works Department, PWD, MCC and Chamundeshwari Electricity Supply Company (CESC), the work is getting delayed. They alleged that they are forced to take a detour to reach different destinations as the road has been dug up completely.

The department which has taken up the UGD work is blaming CESC for not removing the electric poles as they have not got orders to remove them. There is also a fear of drinking water mixing up with the UGD water. Besides, there are incidences of people falling into the ditches dug up, during night. Hence, the residents and locals have demanded the work to be completed at the earliest.

Beware! Heavy fines await those urinating in public

MCC has penalised 250 offenders, Decides to register cases

Mysuru, July 4 (RK&NNN)- Is the last vestige of freedom to ease oneself in public a thing of the past? Yes, going by the decision of the Mysuru City Corporation (MCC) to fine people (men) urinating in public places. Already, 250 people have been penalised since last March and the operation is going on silently.

There is a rule that one should not urinate in public. However, in spite of repeated warnings, majority turn a blind eye to this rule by the MCC and urinate wherever there are open spaces or walls.

Hence, the Corporation has decided to crack the whip by fining the people who disobey the rules. MCC Commissioner K.H. Jagadeesha, who held a meeting recently in this regard has directed the Assistant Commissioners of nine zones to impose fines on people urinating in densely populated areas.

He has given authority to MCC Health Officers, Health Inspectors and the Environmental Engineers of all the zones to impose fines. **The first time offenders will be fined Rs.100, second time Rs. 200, third time Rs.500 and finally if they are repeat offenders then cases will be registered in Police Stations.**

The inaccessible e-toilet near Makkaji Chowk in city.

People must follow rules

There are many toilets including e-toilets constructed every 500 metres apart in the heart of the city. The public must use these facilities. It is very embarrassing to catch people urinating in public and fine them. Hence, the public must understand and follow the rules.

— K.H. Jagadeesha, MCC Commissioner

The MCC officials have caught nearly 250 people urinating behind Lansdowne building, near Devaraj Urs Road, Makkaji Chowk close to Olympia Talkies, Suburban Bus Stand, Vontikoppal, N.R. Mohalla and many other places and fined them.

MCC Health Officer Dr. D.G. Nagaraj, speaking to *Star of Mysore* here this morning, said that though the fine amount has been fixed, they are not still imposing them fully. However they have fined people Rs.50 to Rs.100 and proper receipts have been given. But people from surrounding villages, who plead innocence that they are not aware of the fines, are let off with warnings. "It is sad that though MCC has taken a lot of efforts to build public toilets including e-toilets, people do not use them and prefer to use open spaces," said Dr. Nagaraj. "The operation to fine has begun and it will be continued in the future as the habit of people urinating in public affects the environment," he said.

Success can be achieved only
after coming out of mental stress: Police Comr.

City Police Commissioner Dr. A. Subramanyeshwara Rao, addressing the competitive exam aspirants organised by Jnanabuthi at the Government Hight School and PU College premises on JLB Road in Lakshmipuram here recently as others look on.

Mysuru, July 4 - City Police Commissioner Dr. A. Subramanyeswara Rao has said that success can be achieved only if one comes out of mental stress and dilemma. He was addressing the civil service competitive exam aspirants taking part in coaching classes organised by Jnanabuthi at Government High School and Pre-University College, Lakshmipuram, JLB road in the city recently.

Recalling that earlier, there were a few platforms to exchange information, Dr. Rao said that the times have changed completely now wherein we can get any sort of information on our finger tips.

Pointing out that dedication, determination and concentration hold key for success in competitive exams, he said that this was an era of cut-throat competition and as such, every aspirant should equip himself / herself to successfully meet all the challenges that come in their way.

Noting that confidence is vital in facing competitive exams, the Police Commissioner wished the aspirants success in the exams.

MCC Commissioner K.H. Jagadeesha in his address, said that it was important for the aspirants to have an integrated knowledge of all subjects.

Suggesting the aspirants to go through previous exam papers in order to first understand the exam, he advised the students to update themselves on topics of current relevance such as climate change, wildlife and environment etc.,

He also called upon the aspirants to focus more on current affairs, general knowledge, prevalent issues etc., as it would largely help them in their exams.

Vidyavardhaka Engineering College faculty Dr. M.A. Sriram, Mandya PES College faculty Dr. G.V. Narasimham, Y.N. Shankaregowda, Jainahalli Sathyanarayanagowda, H. Balakrishna and others were present.

Rangappa hits back at Madhusudan

Prof. Rangappa

G. Madhusudan

Mysuru, July 4- In a retort to former MLC G. Madhusudan's charges that he (Prof. Rangappa) had run away from the open debate at Patrakarthara Bhavan that was scheduled on July 3, former University of Mysore (UoM) and KSOU Vice-Chancellor Prof. K.S. Rangappa has said that he need not reply to Go. Madhusudan's questionnaire.

Speaking to *SOM* yesterday, Prof. Rangappa wondered whether the former MLC was the boss to him.

Claiming that he had agreed to take part in the open debate organised by the MDJA, Prof Rangappa maintained that he did not attend the debate following MDJA's stand that such a debate will amount to contempt of Court.

Asserting that he had not run away from the debate as alleged by G. Madhusudan, Prof. Rangappa accused the former MLC of having no respect for the law and Constitution.

Pointing out that he will submit to the Court what all G. Madhusudan had said to the media yesterday, Prof. Rangappa said that he will take part in the open debate if the Court agrees for it.

Music varsity temporary teachers continue demonstration

Mysuru, July 4 (PM&DM)- Temporary teachers of KSGH Music and Performing Arts University, who have been demonstrating in front of the varsity campus at Lakshmipuram on JLB road here, for the past few days demanding continuance of service, continued their protest yesterday too.

Accusing the University of keeping them in the dark on the new appointments being made for the academic year 2018-19, the protesting teachers claimed that the new appointments would make them jobless.

They urged the University to provide job security to them as they have been in service for 8 years.

University teachers Nayana Shivaram, Dr. Shivaleela Siddaveer, M. Ganesh, P. Shruthi and others took part.

PUBLIC NOTICE

Based on the Agreement of Sale dated 11-7-2005 in respect of 1 Acre and 22 Guntas of agricultural land in Sy.No.69/1 of Chikkahalli village, Varuna Hobli, Mysore Taluk, (fully described in the schedule below) executed by Mr.Nataraju S/O Late Puttamadaiah of Chikkahalli village and others, my client Mr.S.Suresh, S/O Shivarama Rao, had filed O.S No.450/2006 on the file of the Senior Civil Judge, Mysore. After the dismissal of the suit, my client challenged the same in R.A No.312/2011. Since the R.A was also dismissed, my client has challenged the same before the High Court of Karnataka, in R.S.A No.1876/2015. When the said R.S.A No.1876/2015 came up before the High Court on 26-11-2015, the Advocate for Caveator/Respondent-1 Nataraju, S/O Late Puttamadaiah, submitted that he will not alienate the suit property and the same has been recorded by the High Court.

Having regard to the said undertaking and the pendency of the R.S.A No.1876/2015, the public at large are hereby warned/notified not to enter in to any transactions or dealings in respect of the schedule property with Nataraju, S/O Late Puttamadaiah and others. Despite this public notice, if any person/s were to purchase or to deal with the schedule property, they will be doing so at his/their own risk and costs and it will not in any way affect the rights of my client over the said property.

SCHEDULE PROPERTY

Agricultural land bearing Sy.No.69/1 measuring 1 Acre and 22 Guntas, situated at Chikkahalli village, Varuna Hobli, Mysore Taluk and bounded as follows : On the East by : Land of Puttananjaiah, On the West by : Government Land, On the North by : Land of Puttalingaiah, On the South by : Land of Moddedevanna.

Date : 03.07.2018

On or before **02/08/2018 (15:00 Hrs.)** at Chief Engineer's office (Project Director's office) in a **sealed** super scribed envelope mentioning name of work and NIT Number. Original documents should be submitted preferably in person. However, documents sent by post or courier will also be considered provided the same is received within due date & time.
xi.	Date and time of online opening of Part 1	**18/06/2018 (15:00 Hrs.)**	**07/08/2018 (15:00 Hrs.)**
xii.	Date of opening of Part 2 of qualified bidders	25/06/2018 (tentative date)	16/08/2018 (tentative date)

All other conditions remain unchanged.

Chief Engineer, BARC, Mysore

In this week's Pet Talk, know about grasshoppers, fireflies, bats, snails, lobsters, earthworms and cockroaches.

Pet Talk

Maneka Gandhi

How to differentiate between a grasshopper and a cricket?

Crickets have long antennae while grasshoppers have short ones. Crickets make sounds with the help of organs on their forelegs, while these organs are on the abdomen of the grasshoppers. Crickets make sound by rubbing wings together, while grasshoppers do so by rubbing hind leg with forewings. Grasshoppers can be seen in both day and nights, while crickets come out only at nights. The feeding habits of grasshoppers differ from that of crickets. While grasshoppers are herbivorous, crickets are predatory in nature and are both omnivorous as well as herbivorous. Grasshoppers are mostly green, to blend into grass or vegetation, though there are many bright coloured varieties of grasshoppers in the world. Crickets are mostly dark coloured (black or brown) to blend into the night or vegetation. Crickets have ears in their legs, whereas grasshoppers have ears in their abdomen. Grasshoppers can fly, also jump higher. Crickets' wings are mostly absent, and they do not fly.

Are grasshoppers poisonous?

It depends on which kind of grasshopper. Some species are perfectly edible. Others contain chemicals that make them poisonous, or at least so noxious that almost nothing will eat them. Such grasshoppers often display bright colours as warning to predators. For example, some grasshoppers, when you pick them up, exude a foamy, slimy liquid with an utterly nauseating smell. There isn't any bird that will eat these, and even ants seem to avoid them.

What months are you most likely to see fireflies?

It depends on where you are. Fireflies are found on five continents throughout the world, and can appear at different times of year depending on the local climate. They tend to like warm, fairly wet weather. In India, they tend to appear in June, July, August and September.

Do bats eat fireflies? Why do bats hang upside down?

Yes, bats feed on adult fireflies. Bats hang upside down to roost and sleep, because the bones in their hind legs are lightweight and cannot support a bat's body weight in an upright stance. While they rest, bats wrap their wings around themselves like a cloak.

Is a snail's shell its house?

The snail's shell offers some protection from predators and from drying out, but no, the shell isn't really the snail's house. The snail seeks places to live that are moist and have food, often under old rotting logs, under stones, in the rotting leaves of the forest floor, and other secretive places.

Can snails outgrow or leave their shells?

No. The shell is present from the snail's early development, is attached to the snail, and grows along with the snail in a spiral shape. A snail can't crawl out of its shell any easier than you can walk away from your fingernails! The very centre coil of a shell is where it began in life, and as the snail grows, the shell grows around that centre in a spiral form.

How do snails survive in the winter?

Snails burrow under the leaves and soil and hibernate. Their heart rate slows to where it hardly beats at all, and the snail's blood contains chemicals that prevent it from freezing, similar to many insects and other invertebrates, and even frogs and other animals. The snail seals the opening of its shell with a thick membrane of mucus for further protection before it takes a long winter nap.

How long do snails live?

It is generally thought that snails live 2-3 years in their natural habitat, but this depends upon the species, predation, human disturbances, and other factors. In captivity, they can live many more years.

What do lobsters eat?

Lobsters eat crabs, sea stars, sea urchins, plankton and small fish. They are not by nature cannibalistic, except when held in crowded conditions (traps, ponds with no food).

What's an average lifespan of a lobster?

A lobster's lifespan averages 31 years for males and 54 years for females.

How long can a lobster live out of water?

A hard-shell lobster can live up to 36 hours out of water if kept in cool and moist conditions. Since lobster is a gill breather, wet newspaper and/or seaweed helps keep them moist.

Why do earthworms come into driveways and sidewalks when it rains?

Earth worms come to the surface during rains (especially in the spring) so they can move overland. The temporarily wet conditions give worms a chance to move safely to new places. Since worms breathe through their skin, the skin must stay wet in order for the oxygen to pass through it. After rains, or during high humidity, are safe times for worms to move around without dehydrating. It is true that, without oxygen, worms will suffocate. But earthworms can survive for several weeks under water, providing there is sufficient oxygen in the water to support them. They surface as a response to high relative humidity after rain because they can move around safely without drying out.

Operation to drive elephants from coffee estate in Madikeri continues

Madikeri, July 4 (PS&KS)- The operation to drive back elephants from a coffee estate in Madikeri, which began yesterday morning and stalled in the evening due to bad light, resumed this morning.

Yesterday morning, the Rapid Response Team (RRT) from Kushalnagar and Madikeri Forest Department personnel numbering about 30, led by Madikeri Range Forest Officer (FRO) Nehru, who followed the footprints of the two elephants inside a coffee estate, were informed that the elephants had moved towards Talathamane from Madikeri side.

The RRT and the Forest Department personnel, to prevent the elephants from crossing the Madikeri-Talathamane connecting road and entering villages, burst crackers and fired gunshots in the air to keep the elephants in the vicinity of coffee estates.

The RRT and Forest staff was divided into four teams to prevent the two elephants from getting separated and was successful in sending them back to the coffee estate. The elephants after entering the coffee estate, turned towards an estate near Ramya Service Station on Moornad Road. But the teams, assuming that the elephants may create havoc if they are driven from Moornad road side, drove the elephants towards Shanthigiri Estate. But the elephants, which came up to Shanthigiri Estate Gate, refused to move towards the forest and entered a coffee estate and disappeared.

Meanwhile, DC Srividya and Forest Officer Nehru, who arrived during the operation, collected information from the RRT and Forest personnel and asked them to take precautions to safeguard the lives of the residents during the operation and also suggested them to block the road. The DC asked the SP to deploy adequate personnel to close the traffic on the road. As it became dark yesterday evening, the operation to drive the elephants back to the forest was suspended but the RRT and the Forest Department teams kept vigil to prevent the elephants from straying into villages.

Lions Club of Mysore West installed

The Installation Ceremony of Lions Club of Mysore West was held recently. Seen are (sitting from left): Ln. Dr.Chetan - Treasurer, Ln. M.V. Devi Prasad- PDG, Ln. Dharmendra - President, Ln. MP holds meeting with Rly. officials

Mysuru, July 4 (PM&DM)- With the construction of over bridge / underbridge at the Mysuru-Nanjangud Railway gate behind Crawford Hall and near Falcon Tyres on Mysuru-Arasikere Railway line on KRS Road, lying in limbo for years, MP Pratap Simha held a meeting with the stakeholders — MCC, Railways and NHAI — at his office in Jaladarshni Guest house here this morning.

Later speaking to press persons, Pratap Simha said that the Railway Department has released Rs.8 crore for the construction of over bridge at the Railway Level-Crossing behind Crawford Hall. But it is the responsibility of the MCC to construct an approach road, he said.

Pointing out that a Rs.27 crore estimate has been prepared for the approach road, he said that once the name of the District in-Charge Minister is announced, a proposal will be submitted to the Minister in this regard.

As far as the KRS Road Level-Crossing is concerned, the MP said that the original idea was for the construction of an over bridge near Falcon Tyres. But as the idea later found to be unfeasible, it has been planned to construct an under bridge, for which the permission of the Railways is sought.

Stating that the works on the construction of the underbridge would begin once the Railways gives the green signal, Pratap Simha said that the cost of the project would be shared equally by MCC, PWD and NHAI.

MCC Deputy Commissioner G.R. Suresh, Executive Engineer Nagaraj Murthy, Railways Deputy Chief Engineer Ramesh Chandra and other officials were present.

Centre to provide 20% funding: Union Tourism Minister Alphons

(Continued from page 1)

This particular line will pass through the Bandipur Tiger Reserve, Mudumalai and Masinagudi Forests, destroying hundreds of acres of green belt and elephant corridor. Railway sources said that the Kerala Rail Development Corporation Limited (KRDCL) has been engaged by the Kerala Government to prepare a Detailed Project Report (DPR) for the Nilambur-Nanjangud railway line. Earlier, the DPR task was given to Delhi Metro Rail Corporation (DMRC) that withdrew from the project.

The DMRC could not get the clearance from the Ministry of Environment, Forest and Climate Change (MoEFCC) to carry out the survey of the forest and sanctuary areas in Karnataka and Kerala, and thus it abandoned the project.

Now the KRDCL has been entrusted with the work after the Kerala Government took approval of the MoEFCC and the Ministry of Railways to do the survey in forests of Karnataka and Kerala. It has also been asked to secure the recommendation of both the Forest Departments in Kerala and Karnataka.

When the DPR preparing task was handled by the DMRC, its Principal Advisor E. Sreedharan had stated that the Nilambur-Nanjangud line can be completed without disturbing wildlife in the Bandipur Tiger Reserve. He had given a proposal involving tunnel construction with the use of tunnel-boring machines (TBMs), which would cause minimum impact to surrounding areas.

However, the Karnataka Forest Department had not received any proposal for the railway line. Sources said that the Kerala Government was pushing for the Nilambur–Nanjangud, Thalassery–Mysuru and Chamarajnagar–Mettupalayam line as they would greatly reduce travel time from Karnataka to Kerala and Tamil Nadu and also help Kerala commercially.

KRRS decries Israeli model of agriculture

Mysuru, July 4 (RKB&DM)- Claiming that the Israeli model of agriculture, which the Government proposes to introduce, will not suit the State, KRRS (Karnataka Rajya Raitha Sangha) leader Badagalapura Nagendra has said that it was better for the Government to follow Andhra Pradesh's 'Zero Budget Natural Farming' policy. Addressing press persons at Jaladrashini Guest House here yesterday, he said that the Israeli model was complex and it would be a burden on the farmers as it involved too many processes. As such, it would be better if Karnataka follows the AP model of agriculture, he remarked.

Hitting out at the Cauvery River Water Authority (CRWA) for ordering Karnataka to release 34 TMC of water to TN, he said that the constitution of the Authority itself was flawed as it had no water experts, scientists on board.

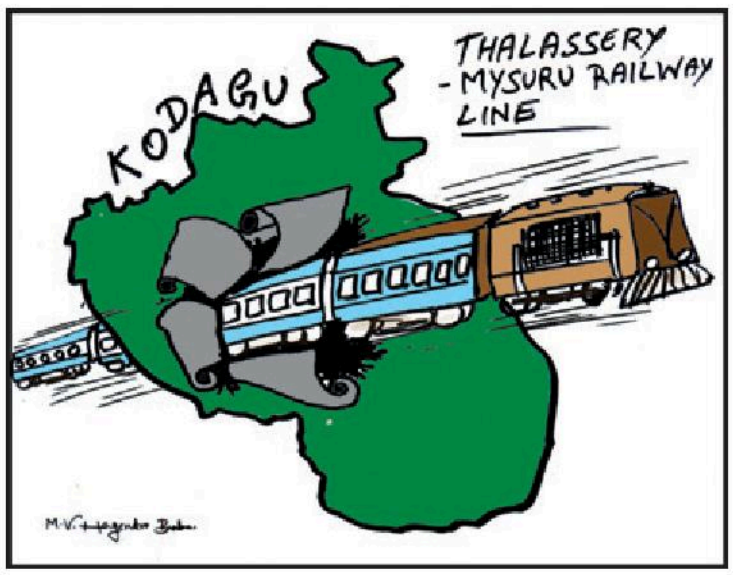
Accusing the Centre of constituting the Authority in haste, the farmer leader said that the State would not tolerate any injustice on Cauvery water issue.

Pointing out that late MLA and farmer leader K.S. Puttannaiah had raised the Cauvery issue with the Centre earlier, when he (Puttannaiah) had warned against the constitution of the Authority, Nagendra said that the Authority cannot issue directions on its will. He also urged the Centre to scrap the Authority and form a new one with persons having vast knowledge of water and farming practises.

KRRS office-bearers Hosakote Basavaraj, Ashwath Narayan Raje Urs, Lokesh Raje Urs and Marankaiah were present.

BABU'S BANTER

By M.V. Nagendra Babu



Bank officials seize shopping complex in city

(Continued from page 1)

Pointing out that the dispute over repayment of loans along with accrued interest was purely between the complex owner Nagaraj and Vijaya Bank which had extended the loan, he said that he was looking at various legal options for which 3-4 days time was needed.

The advocate further said that the Bank officials, while taking possession of the immovable property, were recording all the inventories in Mohan Bhandar and all other shops in the complex as directed by the DRT. He maintained that the Bank was putting the tenants in trouble for loan default of building owner.

Mohan Bhandar Proprietor Sandeep, speaking to *SOM* said that he was shocked to learn that Vijaya Bank officials had brought an attachment Order from DRT.

Pointing out that the default on repayment of loans was only between the complex owner and Vijaya Bank, Sandeep said that Mohan Bhandar had taken lease of the major portion of the complex for 30 years after duly entering into an agreement with the complex owner.

He further said that he requested the Bank officials to wait for some more days, but the officials, expressing helplessness, began taking physical possession of the complex.

"I will discuss with my advocate on seeking legal remedies for loss of business," he added.

Relief for AAP: SC says Delhi L-G can't act independently

Arvind Kejriwal

New Delhi, July 4- Delhi's Lieutenant Governor (L-G) is bound to listen to the city's democratically elected government and cannot act independently, said the Supreme Court this morning, prompting the Aam Aadmi Party (AAP) government to claim victory against the Centre over administrative control of the national capital.

"The L-G is bound by the aid and advice of the Council of Ministers," said a Five-Judge Bench in a majority verdict after hearing appeals filed by Chief Minister Arvind Kejriwal's government against a Delhi High Court judgment declaring L-G as the sole administrator of the city.

The L-G's special power — that of referring matters to the President — needs to be exercised in exceptional circumstances and not routinely, said the SC.

All decisions by Delhi's Council of Ministers, who are elected representatives, must be communicated to the L-G but that does not mean his concurrence is required. "There is no room for absolutism and there is no room for anarchism also," said the Court.

The judgement — pronounced by Chief Justice Dipak Misra — also held that the L-G cannot act as an "obstructionist." In three separate but concurring judgements, Justices A.K. Sikri, A.M. Khanwilkar, D.Y. Chandrachud and Ashok Bhushan said there is no independent authority vested with the L-G to take independent decisions. L-G Anil Baijal and his predecessor Najeeb Jung and the Delhi government have been locked in a bitter power tussle ever since the AAP swept to power in Delhi in 2015. The conflicts stems out of the status of Delhi, which is a Union Territory and not a full state. As a result, the Delhi government does not have control over land, appointment of senior officers and the Police force. These three are controlled by the L-G.

Recognition row: UGC to consider KSOU case tomorrow

KSOU Vice-Chancellor, officials leave to New Delhi; Open University ready to offer 35 courses

Mysuru, July 4 (RK&BCT)- Ending the uncertainty faced by lakhs of students of Karnataka State Open University (KSOU), the University Grants Commission (UGC) will soon grant recognition to its courses along with certain binding riders.

A meeting of KSOU authorities and the UGC officials will take place in New Delhi tomorrow and the issues highlighted by the UGC before cancelling the recognition will be discussed. KSOU Vice-Chancellor Prof. D. Shivalingaiah has already left to New Delhi and before that he had a meeting with Karnataka Higher Education Department Secretary yesterday.

KSOU sources told *Star of Mysore* that In-charge Registrar Khader Pasha and Personal Secretary to the Vice-Chancellor Raju and Dean Academics Prof. Jagadeesh will fly to New Delhi today and will attend tomorrow's meeting. Sources said that once the issues are finalised, recognition is likely to come in a day or two. The KSOU team will also meet the members of Distance Education Council.

Recognition to KSOU was cancelled in 2013 as UGC found the Mysuru-based University opening hundreds of study centres outside Karnataka, violating the UGC rules and regulations. The KSOU was also found that many MoUs were signed with private institutions and the KSOU was offering technical and science-based courses without approval.

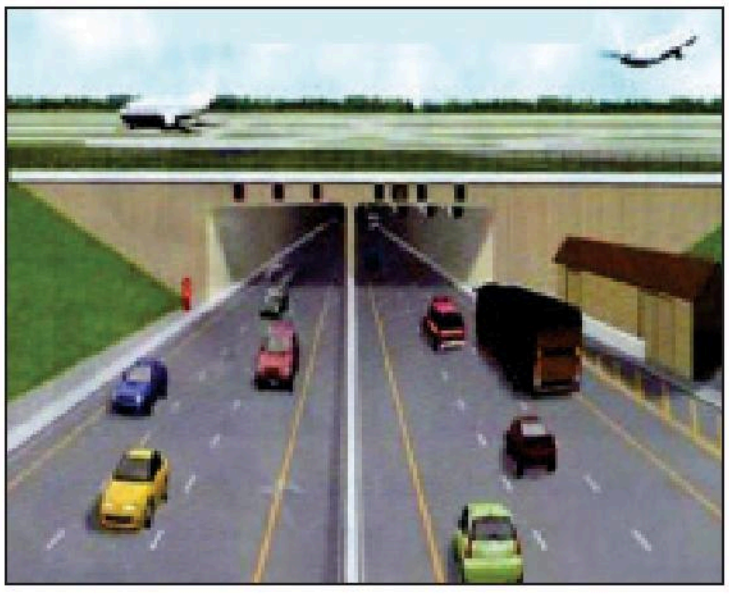
Efforts were on since 2013 to regain the recognition and the KSOU authorities had submitted different sets of documents and compliance letters to the UGC. The University had made arrangements to follow the UGC's (Open and Distance Learning) Regulations, 2017. But unfortunately, the UGC did not consider the KSOU's case despite intervention by the State and Central governments.

Last year, the UGC issued applications for renewal of recognition for courses offered by various universities and the KSOU had formally submitted its application. In its application, the KSOU has proposed to the UGC that it was ready to offer 35 courses and follow the guidelines.

At the meeting in New Delhi tomorrow, the UGC authorities are likely to ask the KSOU to meet certain conditions before the recognition is granted. The conditions include adherence to the policy of territorial jurisdiction, scrapping of technical courses and refraining from signing memoranda of understanding with private intuitions.

The UGC might ask the KSOU to adopt National Academic Depository (NAD) for issuing degree certificates. NAD stores certificates from 10th standard onwards in a central database. Apart from eradicating the menace of fake and duplicate degree certificates, the NAD makes the task of accessing and verifying academic credentials of students easy.

Hurdles for expansion of Mysore Airport cleared: MP



Mysuru, July 4 (PM&BCT)- The more-than-a-decade efforts to build a tunnel or underpass near the Mysore Airport at Mandakalli and the extension of runway to 2,750 metres has finally borne fruit as necessary permission have been obtained, said Mysuru-Kodagu MP Pratap Simha.

Speaking to reporters here yesterday, Simha said that once the project is completed, the Mysore Airport will attain the distinction of being the only airport in India to have the underpass. "Once the project is completed, it will be the first of its kind airport in the country, where the runway will be over the underpass. We see this kind of Airports only in foreign countries," he said.

Even the Bureau of Civil Aviation Security, which comes under the Ministry of Civil Aviations, has given the clearance to the Airport Authority of India for the underpass below the proposed extension of the active runway. The underpass will be built as the National Highway 212 (Mysuru-Neelagiri Highway) is coming in the way of the runway's extension, and now with the security clearance work on it can finally begin.

At present, the runway is 1,740 meters long and can accommodate 72 seater capacity flights. It will be extended to 2,750 meters and the airport can be developed to international standards and several Air Bus 320 national and international flights of 180 seater capacity will be able to land here, officials said. Though the existing NH comprises four lanes with a median, the proposed underpass is expected to have six lanes with a median. The length of the underpass will be around 450 metres and width will be around 23 metres.

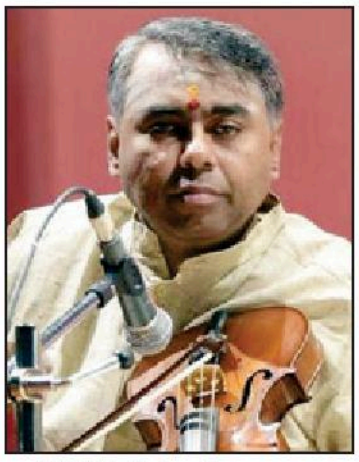
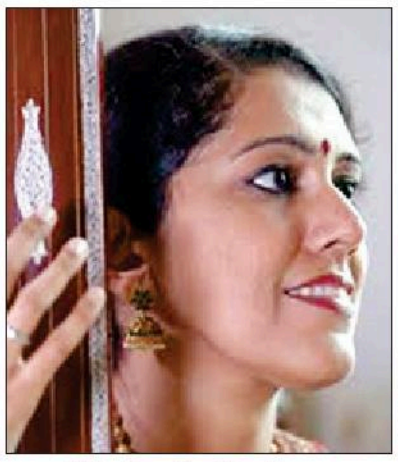
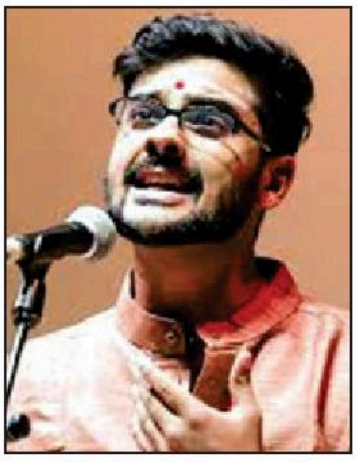
"Purandara Namana" at Ganabharathi on July 6



Vid. R.K. Shriramkumar



Vidu. Amrutha Murali



Vid. Ramakrishnanmurthy

Mysuru, July 4-Ganabharathi in association with SPVGMC Trust has organised a unique programme "Purandara Namana" on July 6 at 6 pm at Veene Seshanna Bhavana in Kuvempunagar.

This programme is conceptualised and directed by Vid. R. K. Shriramkumar. The team consists of the following acclaimed artistes — Vidu. Amrutha Murali and Vid. Ramakrishnanmurthy. They will be accompanied by Vidu. Charulatha Ramanujam on violin, Vid. Arun Prakash on mridanga and Vid. Anirudh Atreya on khanjira.

R.K. Shriramkumar hails from the Rudrapatna family of musicians from Karnataka and is the grandson of legendary violinist R. K. Venkatarama Shastri and grand-nephew of Sangeetha Kalanidhi R.K. Srikantan. He is also trained in vocal music under Vid. D. K. Jayaraman and in violin under the guidance of V. V. Subrahmanyam. He has the fortune and credit of accompanying most of the stalwarts.

Amrutha Murali belongs to a family of connoisseurs of music. Her exceptional musical instincts have been well-nurtured by her parents and she has had the good fortune of learning vocal music from great gurus Vid. late K.R. Kedaranathan, Vidu. Meera Kedaranathan and Vid. Rama Ravi. She is currently under the tutelage of Vid. P.S.Narayanaswamy. She also trains under Vidu. T. Rukmini for violin playing.

Ramakrishnanmurthy began his Karnatak music training from Padma Kutty in Irvine in 1997. In 2001, he began to take advanced lessons from veteran violin artiste Delhi P. Sunder Rajan. He has also spent brief periods of time learning from Vairamangalam Lakshminarayana, C.R. Vaidyanathan, Vaikom Jayachandran and Chengleput Ranganathan. He is currently under the tutelage of R.K. Shriramkumar.

Flute recital on Sunday morning

Pt. Sudip Chattopadhyay

Dr. Uday Raj Karpur

Pandit Taranath Foundation has organised a Hindustani flute recital by renowned flautist Pandit Sudip Chattopadhyay from Kolkata.

The concert is at 10 am on Sunday, 8th of July at M. L. Krishnaswami's residence *Meenakshi,* #12/A, First Main Road, 4th Stage, TK Layout, near Kamakshi Hospital.

Pt. Taranath Foundation in pursuit of promoting Indian classical music has been providing platform for leading musicians of our country. This is a rare opportunity for connoisseurs to listen to a morning concert, according to the press statement issued by the Managing Trustee Pt. Rajeev Taranath.

Born in 1966, Sudip was groomed under Pandit Debaprasad Banerjee, the senior most disciple of Pandit Gaur Goswami. Sudip is acknowledged as one of the perfect exponents of Pandit Pannalal Ghosh's gharana. He has done MA in Music from Rabindra Bharathi University, Kolkata and is an "A" grade artiste of AIR and also currently working as a staff artiste of All India Radio, Kolkata.

Sudip is a regular performer for AIR and Doordarshan. He has performed at all prestigious music conferences like Dover Lane, Sangeeth Research Academy, Bharatiya Vidya Bhavan (Delhi), SPICMACAY and Ramakrishna Mission. He has toured and enthralled audiences with his melodious rendition in European countries like Netherlands, Belgium, Germany, Switzerland, and France.

Sudip will be accompanied on tabla by Dr. Uday Raj Karpur, one of the top ranking tabla artistes of Karnataka. He holds a doctorate in tabla and has accompanied leading musicians of our country like Pt. Rajeev Taranath, Pt. Bhimsen Joshi, Dr. Gangubhai Hangal, Pt. Venktesh Kumar, and Praveen Godkhindi.

Dr. Uday has also toured extensively throughout India and abroad accompanying top classical artistes. Based in Bengaluru, he is training many young students in the field of tabla. The entry for the concert is free and all music lovers are welcome. For details contact G. P. Basavaraj on Mob: 9480057580.

A voice with good range

M.A. Shobha presenting a vocal recital at Sri Nadabrahma Sangeeta Sabha recently accompanied by Srinivasa Murthy on violin, Sai Shiv Lakshmi Keshav on mridanga and Srinidhi on ghata.

On the 24th of June, M.A. Shobha gave a vocal recital at Sri Nadabrahma Sangeeta Sabha, Mysuru. Shobha has a rich voice which easily catches the higher octave. But if she intends to take classical music more seriously, she will have to work hard towards her voice which is otherwise more suitable to sing light music.

Shobha was accompanied by Srinivasa Murthy on violin, Sai Shiv Lakshmi Keshav on mridanga and Srinidhi on ghata.

Shobha began her concert with the Kalyani Atta TAla varna 'Vanajakshi' by Pallavi Gopala Iyer followed by a short Alapana in Gambheera NAta leading on to the expected *'Girija Ramana nata jana sharana'* by Mysuru Vasudevacharya. *'Venu Gana lolunigana'* in Kedara Gowla by Tyagaraja was a pleasant surprise though the rendition required more weighty classicism. Reetigowla was confusing with a lot of Ananda Bhairavi phrases and the violinist was in a dilemma whether to play Ananda Bhairavi or Reetigowla. Shobha however settled with Reetigowla towards the end of the alapana and sang another Tyagaraja composition *'Raga Ratna malikache'* set to Roopaka tala. *'Bhagavatottamulu koodi'* found a neraval and short swaras.

The rendition of Deekshitar's *'Shree MAtrubhootam'* in Kannada had no mistakes but the presentation was a proof that the rendition of any song fails to impress the listener without aesthetics or bhava.

Mysuru Vasudevacharya's rarely heard composition *'mAnamuto nannu brova raada'* in Shanmukhapriya was the main attraction of the evening. Neraval at *'Karimoralida neevu karunato brovaleda'* was fairly good but kalpana swaras, if written and sung prove lack of preparation in a concert and cannot therefore appeal to the audience. They are called kalpana swaras because they need to spring from one's imagination and so should flow spontaneously. Pre-set Swaras for this composition and also the Reetigowla one became monotonous.

Sai Shiv and Srinidhi not only offered a tremendous support to the concert throughout but also played a very lively Taniyavartanam.

The artiste performed better in the post-tani part which contained devaranamas and a ashtapadi. *'Kande Kande Swamiya bedikonde'* in Ahir BHairavi, Harirabhi sarati' by Jayadeva in Charukeshi, *'Vydyana naanariye'* in Shree and *'Hari neene gati endu'* in KArna RAnjani were good and pleased the audience.

— Dr. Padmavathi Narasimhan

Bags prize in street play contest

The Regional Museum of Natural History (RMNH), Siddarthanagar, had conducted a Street Play competition on the theme 'Beat Plastic Pollution' recently. As many as 10 schools took part in the competition and JSS Public School, Siddarthanagar, won the II place in the competition. Students of X std. Tanmayee Yatish, Nimisha Chaturthee, M.Sathvik, M.Srujan and V. Dheeraj took part in the competition. The play was directed by C.M. Yogeesha and G. Mahesh.

FIFA World Cup 2018

Sweden, England book place in quarter-finals

Emil Forsberg scored a deflected goal in the 66th minute to give the Swedes a 1-0 victory over Switzerland to book a place in the World Cup quarterfinals.

Saint Petersburg, July 4- Sweden reached the World Cup quarter-finals for the first time in 24 years after Emil Forsberg's deflected shot earned a scrappy 1-0 win over Switzerland on Tuesday.

This was far from a classic at the Saint Petersburg Stadium and if Colombia or England's players were watching on from Moscow, they could be forgiven for feeling bullish about their prospects in the last eight.

Switzerland's Michael Lang was sent off in injury-time for a last-ditch push on Martin Olsson and referee Damir Skomina downgraded his penalty to a free-kick on the edge of the area. But the game was already up.

Forsberg's second-half strike, which deflected off the unfortunate Manuel Akanji, means Sweden are through to the World Cup last eight for the first time since 1994 in the United States.

England end penalty jinx

England edged Colombia 4-3 on penalties to halt a run of five successive shootout defeats at major tournaments and book a quarter-final clash against Sweden at the World Cup.

Harry Kane fired England ahead with his tournament-leading sixth goal just before the hour in Moscow, converting a penalty after he was hauled down by Carlos Sanchez at a corner.

Gareth Southgate's team looked to be heading into the last eight in regulation time until Yerry Mina equalised with a 93rd-minute header as the giant Colombian defender scored for the third game in a row.

Neither team could find an advantage in extra-time and so a bad-tempered match went to a nailbiting penalty shootout.

England end penalty jinx to edge Colombia in shootout.

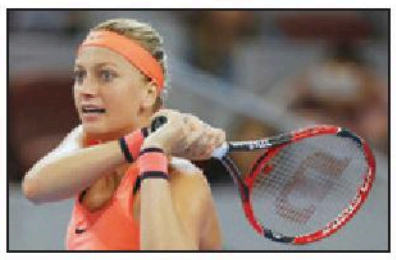
David Ospina dived superbly to his left to repel Jordan Henderson's third penalty for England, but Manuel Uribe hit the crossbar before Jordan Pickford saved from Carlos Bacca.

Eric Dier drilled home the decisive spot-kick as England won for just the second time in eight penalty shootouts and reached the quarter-finals for the first time since 2006.

Former champs Maria Sharapova, Petra Kvitova crash out

Nadal, Djokovic progress

Maria Sharapova



Petra Kvitova

Rafael Nadal

Novak Djokovic

London, July 4- Maria Sharapova suffered her first opening round Wimbledon defeat and earliest Grand Slam exit in eight years on Tuesday when she was shocked by fellow Russian Vitalia Diatchenko, the world number 132.

Sharapova, the 2004 champion, was joined at the exit by 2011 and 2014 winner Petra Kvitova who was stunned by Belarusian world number 50 Aliaksandra Sasnovich. However, two-time men's champion Rafael Nadal and three-time winner Novak Djokovic eased into the second round.

Sharapova was cruising to victory at one stage on Court Two with a set and 5-2 lead before qualifier Diatchenko shrugged off a back injury to win 6-7 (3/7), 7-6 (7/3), 6-4 after more than three hours of tense action.

Eighth seed Kvitova was the bookmakers' favourite for a third Wimbledon crown after winning five titles in 2018, including the grass-court tournament at Birmingham last weekend, while amassing an WTA Tour-leading 38 match victories. But she slumped to a disappointing 6-4, 4-6, 6-0 loss to Sasnovich.

World number one Nadal breezed into the second round with a 6-3, 6-3, 6-2 win over Israel's Dudi Sela as the Spaniard returned to action for the first time since claiming his 11th French Open title.

Nadal, the Wimbledon champion in 2008 and 2010, also managed to avoid falling victim to a player ranked outside the world top 100 for what would have been the fifth time in his last six visits to the All England Club. Nadal, the 17-time major winner, has not got past the fourth round since finishing runner-up to Novak Djokovic in 2011.

Djokovic reached the second round with a 6-3, 6-1, 6-2 win over Tennys Sandgren of the United States.

CERCLAGE TO MANAGE CERVICAL INCOMPETENCE

Gouri (name changed), 34 years old, married for 8 years had eight pregnancy losses. Out of the eight pregnancy losses, four losses were in the first part of pregnancy and four losses were between fourth – seventh months of pregnancy. Looking at her previous history, where she had had pregnancy losses between 3 – 7 months, a decision was taken to do a trans-abdominal cervical cerclage – a stitch placed at the level of internal os or around the cervix through the abdominal route. She conceived again and this was her 9th pregnancy. The abdominal cerclage was still in place. The patient was started on Low Molecular Weight Heparin (LMWH) right from the time that the pregnancy was confirmed to be situated inside the uterus. She was also found to be mild diabetic. At 32 weeks a Doppler showed a falling resistance in middle cerebral artery with uncontrolled hypertension. The patient was taken for Elective LSCS and delivered a male baby weighing 1.65 kgs.

Dr. Devika Gunasheela

Cervical incompetence is a medical condition in which the neck of the womb (cervix) in a pregnant woman begins to open and thin out much before the date that the baby is due to be born. Cervical incompetence may cause miscarriage or preterm birth during the second and third parts of the pregnancy. Cervical incompetence occurs because of weakness of the cervix.

Risk Factors: History of previous pregnancies ending in abortions in the second & early third trimester (i.e., between 13 – 30 weeks of pregnancy), any operations on the neck of the womb and repeated abortions where the pregnancy has taken out surgically.

Treatment: Once the problem of incompetence is diagnosed, the condition may be treatable through a surgical procedure called cerclage (stitching the cervix closed). One or more stitches are placed around or through the cervix to keep it tightly closed. This is usually performed after the twelfth week of pregnancy, the time after which a woman is least likely to miscarry for other reasons - but it is not done if there is rupture of the membranes or infection. Contact: Gunasheela Reproductive Centre, Kuvempunagar, Mysore. Contact: 0821–2343585/ 2343385. Gunasheela Fertility Centre, Basavanagudi, Bangalore. Phone: 080-26673585.

Plea to expedite works taken up on Kalidasa Road

A portion of Kalidasa Road (K.D. Road) has been dug up to lay water pipes more than a month ago but the works are left incomplete. This is causing a lot of inconvenience to the public as there is frequent traffic jam on this busy road. Residents say that despite complaining to one of the persons in-charge of the works, there is no progress and the works are not even moving in snail's pace. Authorities concerned are urged to complete the works at the earliest.

Asphalt this road in Azeez Sait Nagar

Ameen Masjid Road in Azeez Sait Nagar is in a very bad shape and has not been asphalted. With recent rains lashing the city, the road is filled with water at some places and even slush has been formed making it difficult for motorists to move on it. Authorities concerned are urged to asphalt this road for the benefit of all.

Clear this scattered garbage at Rajiv Nagar

Garbage dumped behind Andalus School in Rajiv Nagar 2nd Stage, 2nd Phase, has now scattered all over the area due to wind. Also, the rain water is carrying the garbage and dumping them inside drains thus blocking the smooth flow of rain water. It further overflows on the road. Authorities concerned are urged to get the garbage cleared at the earliest.

Know Your Ward

Mysuru, July 4- The Urban Development Department, based on 2011 population census, had issued a notification on Feb.8, 2018 delimiting Mysuru City Corporation (MCC) Wards. In view of MCC elections due in September, the MCC has published the Ward-wise final voter list at MCC Office. Here we publish the list of 65 Wards with Ward-wise reservation after delimitation.

East: From Hakka Bukka Double Road and Kannada Sahitya Parishat Road Junction - move towards South behind Premier Studios - to join Hunsur Road.

West: From Gen. Cariappa Road and ORR Junction to Hebbal High Tension Road Junction.

[To be continued]

BSY tears into HDK's loan waiver scheme

Issues like sand mining, exorbitant charges by multiplexes, Film City in Mysuru figure in Assembly

Bengaluru, July 4 (KMS&BCT)- Chief Minister H.D. Kumaraswamy (HDK) sparred with Leader of Opposition and State BJP President B.S. Yeddyurappa (BSY) in the Assembly yesterday after the latter accused the CM of being inconsistent in his stand on farm loan waivers and the vows he made during the formation of the JD(S)-Congress coalition govt.

Speaking on the motion of thanks to the Governor's address, BSY went hammer and tongs at HDK. "You are seen as the illegitimate child born out of an unholy alliance. Questions are already being asked on how long the 'saandharbika shishu' (circumstantial baby) will survive," Yeddyurappa taunted HDK.

Quoting some of Kumaraswamy's recent controversial statements where he called himself a "child of circumstance" and that he was not obligated to the people, but to the Congress party, Yeddyurappa said it is an "insult" to the people of the State.

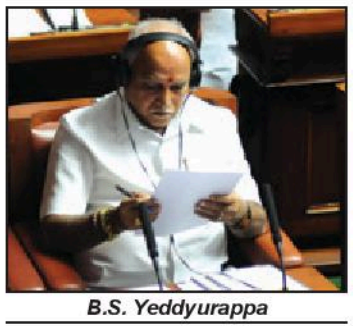
Who is the real CM?

"People are confused as to who the Chief Minister is, Siddharamaiah or Kumaraswamy. One remote control is in Delhi (Congress High Command), while the other remote control is in Padmanabhanagar (JD(S) Supremo H.D. Deve Gowda's house)," Yeddyurappa said.

"Siddharamaiah says there's no need for a new Budget. People are tired of this talk and they are cursing this Government." Yeddyurappa said the Governor's address was "directionless and lacked vision."

"If it wasn't for the tall promises you made, the JD(S) would have got only 25 seats. Let me see how you waive farm loans worth Rs.53,000 crore, provide monthly pension of Rs.6,000 to senior citizens, give Rs.6,000 for six months to pregnant women among other initiatives."

He also demanded that Kumaraswamy come out with a White Paper on the State's finances before tabling the Budget.



B.S. Yeddyurappa

CM loses his cool

Heated exchanges broke out when Yeddyurappa claimed the CM had promised to waive private loans ahead of polls. Kumaraswamy rejected the charges and sought proof. It led to allegations and counter allegations on decisions made during the JD(S)- BJP coalition government which was in power in 2006.

Speaker K.R. Ramesh Kumar intervened and requested the two senior leaders to quit delving into the past. A thoroughly riled Kumaraswamy shot off a warning to Yeddyurappa: "You are testing my patience by making unnecessary remarks against me. You better mind your language."

Malaysia sand

Later Kumaraswamy took a jibe at the previous Congress government's decision to import sand from Malaysia during a heated debate on illegal sand mining on Tuesday. "All the sand was looted. That's why officials want to bring sand from Malaysia," Kumaraswamy said.

Several BJP Legislators raised the issue of sand mining after Yeddyurappa said the sand mafia was running riot in many parts of the State. "The government is also involved in this, with the Police taking bribes to allow sand mining," Yeddyurappa said.

Rates at multiplexes

Multiplexes selling movie tickets at exorbitant rates, especially on weekends, was raised by BJP MLC Tara Anuradha. She demanded the State Government rein in multiplexes. "They (multiplexes) are charging Rs.1,000 to Rs.2,000 per ticket on weekends. The government should step in and fix one price for all days," she said. She said governments in Tamil Nadu, Kerala and Maharashtra have done it. Highlighting issues concerning the Kannada film industry, Tara, an actor herself, urged the government to ensure that two screens in all multiplexes are reserved for Kannada movies. "No multiplex is ready to exhibit Kannada movies during prime time," she claimed.

Replying on behalf of Chief Minister H.D. Kumaraswamy, House Leader Jayamala Ramachandra, also a noted actor, said the previous Congress government had fixed weekday rates in multiplexes at Rs.200 per ticket, but it couldn't be implemented as the owners had moved Court. "The government will convene a meeting of multiplex owners and address the issue," she added.

Film City in Mysuru

"Film City, which is a long-pending demand, is yet to be realised. The government failed in developing a Film City on the vast land allocated in Hessarghatta. The previous Congress Government announced its plan of developing a Film City in Mysuru. Now the present coalition government has announced it will be shifted to Ramanagaram. When and where will we have a Film City finally?" Tara asked.

Youth commits suicide

Mysuru, July 4 (SBD&KS)- A 23-year-old youth, who had attempted suicide by consuming poison a week ago and admitted to a private hospital in city, breathed his last yesterday after failing to respond to the treatment.

Satish

The deceased has been identified as Satish, a native of H.D. Kote who was residing in his grandmother's house at Vinayakanagar (Paduvarahalli). Satish was working at a chicken shop in city.

According to Jayalakshmipuram Police, who have registered a case, Satish had taken loans and was also not going to work regularly. Depressed over this, Satish is said to have consumed poison.

Student succumbs to injuries

Mysuru, July 4 (SPN&KS)- A 16-year-old student, who had suffered serious injuries when a KSRTC bus rammed into the bike on which he was riding towards a farm on June 22 and admitted to a private hospital here, breathed his last on Monday at the hospital after failing to respond to the treatment. The deceased student is Manoj, son of Srikantappa of Someshwarapura in the taluk and was pursuing his 1st PUC at a private college in city.

Manoj, along with his brother Rahul, was going towards a farm on June 22, when a KSRTC bus rammed into the bike, which resulted in Manoj suffering serious injuries and Rahul had escaped with minor injuries.

A case has been registered at Mysuru Rural Police Station in this regard.

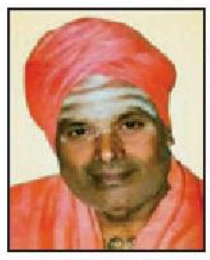
Unidentified man dies in hospital

Mysuru, July 4 (KS)- An unidentified man, aged about 70 years, who was found lying sick near the Beggars' Colony at Gayathripuram on June 26 and admitted to K.R. Hospital, has passed away on July 1 after failing to respond to the treatment.

Nazarbad Police, who have registered a case, have asked the kith and kin of the deceased, if any, to contact Ph: 0821-2418308.

Sri Sadashiva Swamiji of Sri Ramayogeshwara Mutt passes away

Pandavapura, July 4- Sri Sadashiva Swamiji (60), of Sri Ramayogeshwara Mutt at Bebi Hill in Pandavapura taluk, passed away this morning following heart attack in Bengaluru.



Sri Sadashiva Swamiji

The Swamiji had gone to Bengaluru yesterday to participate in the wedding at the Palace Grounds and had stayed in the house of one Shanthakumar, a devotee residing at Krithikanagar in Bengaluru.

This morning when the devotees tried to wake him, he had passed away, it is learnt.

Junior Seer Sri Gurusiddeshwara Swamiji visited the residence of the devotee in Bengaluru and paid his respects.

Sources said that the body of Sri Sadashiva Swamiji would be kept at Sri Shivakumara Swamiji Park in Mandya for the public to pay their last respects and would be brought to Sri Ramayogeshwara Mutt at Bebi Hill in Pandavapura where it would be kept for public darshan. Sources also said that the last rites would be performed tomorrow at 10 am at the Mutt premises.

WORD OF THE DAY

Verdure

Pronunciation: ˈvəːdjə,ˈvəːdjʊə

Meaning: Lush green vegetation; the greenness of growing vegetation. A condition of health and vigour.
Origin: English speakers have had the use of the word verdure since the 14th century, when it made its way into Middle English from Anglo-French. Like the more common verdant, the word traces back to Latin virēre, meaning "to be green." Since the early 16th century, verdure has also been used to refer to a kind of tapestry with a design based on plant forms. The verdure that English speakers sometimes encounter on menus is Italian; in that language verdure refers to green vegetables or to vegetables in general (as in "fettuccine con verdure").
Examples: 1. A good time to tour the wine country is when it is clothed with the verdure of midsummer; 2. A portrait of a fresh-faced teenage girl in all of her youthful verdure and irrepressible joie de vivre.

THE ODD WORD

Sod

The surface of the ground, with the grass growing on it; turf.

PHRASE OF THE DAY

Grass is always greener on the other side

Meaning: You use this proverb to say that the things other people have or their situations always look better than your own, even when they are not really so. It is often shortened to "The grass is greener on the other side," or even 'The grass is greener."

Origin: The phrase 'grass is always greener on the other side' is used to say about individuals who are never happy with what they have and they constantly ponder if others have it better.
Example: "Our bookkeeper always imagined that the grass is greener on the other side. She quit her job to pursue a legal education. However, she is still trying to find herself in the practice of corporate law."
Interesting fact: This idea for this phrase comes from the livestock who, while grazing keep on looking for greener grasslands.

QUOTE BOX

Zeal is a volcano, the peak of which the grass of indecisiveness does not grow. **—Khalil Gibran**

RIDDLE THIS

What plant is outside but is not in a garden?

Answer: Grass.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
